Your Guide to

GSA Technology Contracts

Your Guide to **GSA** **Technology** **Contracts**

ACQUISITION OPTIONS FOR YOUR SPECIFIC TECHNOLOGY REQUIREMENTS

Acquiring technology is easy with GSA. You can use our Governmentwide Acquisition Contracts (GWACs) and IT Category on the GSA Multiple Award Schedule to gain fast access to cutting-edge IT, telecommunications, and infrastructure products, services and integrated solutions.

Our comprehensive set of pre-competed and customizable acquisition solutions supports your technology life cycle needs – from management to execution – at competitive prices.

IT, telecommunications, and infrastructure are integral to agency mission requirements across all aspects of government. Agencies also face constantly shifting priorities – ranging from cloud computing and infrastructure consolidation to cybersecurity and environmental sustainability. With tight budgets and a smaller workforce, finding the right solution to meet your IT needs as well as your telecommunications and infrastructure needs can be a significant burden.

At GSA, we enable smart decisions when evaluating, purchasing, and implementing technology – from navigating available commercial offerings to determining the most appropriate acquisition vehicle. Working with leading industry partners and your in-house contracting professionals, we maximize operational effectiveness and efficiency while minimizing acquisition risks.

MEET YOUR TECHNOLOGY NEEDS

With GSA, you have access to virtually anything technology-related to meet your mission requirements – such as infrastructure and applications, mobile management solutions, IT professional services, and communications services.

FOLLOW MANDATES AND POLICIES

Whenever your agency needs support addressing our nation's priorities, GSA stands ready to work with you across a broad spectrum of IT initiatives while ensuring your compliance with federal mandates and policies. These initiatives include protection against cyber threats, progress toward environmental sustainability, evolution to a more mobile workforce, support of small and veteran-owned businesses, and migration of your computing systems to the cloud.

BEST-IN-CLASS ACQUISITION SOLUTIONS

Our IT Best-in-Class (BIC) solutions are vetted, well-managed, and recommended for use by the Office of Management and Budget (OMB). The BIC offerings are included here, but the list is growing. Visit itvmo.gsa.gov/it-vehicles for the most current list of solutions.

GET ACQUISITION HELP

GSA offers all levels of acquisition assistance, including turnkey solutions. Based on your specific needs, our certified professionals can support you during every phase of the acquisition life cycle, including contracting, project management, and financial management.
